f 113 **310** 
New followers

Community

77 Newly diagnosed with EBF3 HADDs, based on email inquiries to the Foundation and a count of new members in a private HADDs Facebook group for individuals and families.

5 New countries with at least one diagnosed person

Conference

250

Attendees participating in-person and virtually at our largest ever EBF3 HADDs International Conference!

\$8,500 Funds awarded for travel grants for the Conference and medical grants.

“ Our family attended the EBF3 HADDs Conference for the first time in 2024 and it’s not an exaggeration to say it was life-changing. This was our first time meeting another person with HADDs since our son’s diagnosis in 2020. Meeting older children, teens, and young adults living with HADDs provided positive role models for our son and left us feeling inspired. ”

5,000

Miles tracked by HADDs in Motion participants who raised over \$29,000

\$25,000

Donated to EBF3 HADDs and 10q26 related syndrome research

Thank you for your generosity and support. As a volunteer-run nonprofit, the EBF3 HADDs Foundation deeply appreciates your contributions, which help us raise awareness of EBF3 HADDs and 10q26 deletion syndrome while providing vital resources for our community. The Foundation is a registered 501(c)(3). EIN: 83-2757964.
