

Where Do My HADDS Foundation Donations Go?

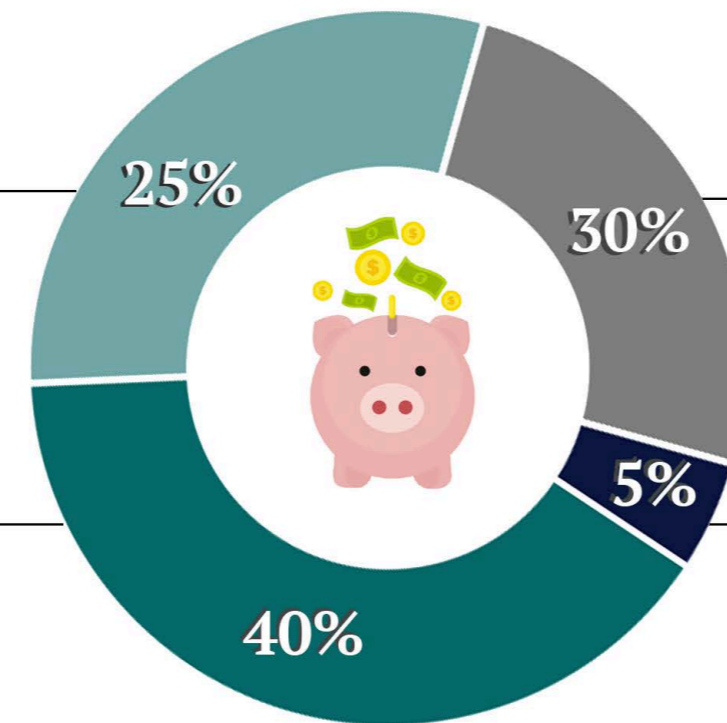

CONFERENCE, EVENTS & SHOP

The EBF3 HADDS International Conference, Social Clinic Weekends, regional gatherings and other Foundation sponsored events are costly, yet vital for learning and relationship building. All funds raised will facilitate keeping the expenses low, promoting access, information and community for all.

The EBF3 HADDS Foundation is committed to financial stewardship and transparency. Supporters of the Foundation can give with confidence, knowing exactly where their donation goes and how it impacts the HADDS community.

SUPPORTING HADDS RESEARCH

Investment in research is why HADDS exists today! The HADDS community has been given the gift of an answer. It is our responsibility to investigate further by investing in additional research. Any funds raised for research will be directed towards global EBF3 HADDS related studies.

COMMUNITY MATERIALS & SUPPORT

Our mission is to ensure that as each person learns of their diagnosis, they are also given the opportunity to access HADDS information and participate in research. Your donations will directly fund travel grants to help those in need attend the HADDS Clinic in Houston, TX. Additionally, HADDS health literacy resources will be distributed and translated into the native language of each family.

THE CHOICE IS YOURS!

You can indicate to which categories you would like your donation to be designated.

A general donation will be distributed to the allocation percentages shown above.

ADMINISTRATIVE EXPENSES

The Foundation operates lean. All administrative funds will help cover the cost of our website, supplies, marketing campaigns, banking and tax services, etc. No personnel, elected or volunteer, are paid for their efforts.
